

The Sound of the Music

Verse 1

Meaning comes into being
When your voice enters my heart
Your spirit turns into beings
Lifeless things before my eyes

Verse 2

Take me back to the beginning
When I knew right from the start
My name, the fight and why I am breathing
The reason why I am on this ride

Chorus

As I go without you I am lost I need you
I am slow without hope when I lose sight of you
On this road I am on would you show me where to go
I will follow the sound of the music

Bridge

Speak on I will follow
Let the music play on and cast away my sorrow
Go on I will follow you into tomorrow
Play on I will follow
Let the music go on and cast away my sorrow
Play on I will follow
You into tomorrow
