

# You Won't Let Go

## Intro / Outro

You won't let go  
When i am drowning in my sorrow  
When it seems, there is no hope  
When the clock/world says time is up

## Verse 1

You call my name  
Each time I lose my mind  
All alone with no aim

## Verse 2

Yes You hold my hand  
You pull me from the ground  
And you help me find a stand

## Chorus

As I lay me down in your arms  
I am safe and sound although disarmed  
My head you crown with hope i rebound  
You never let me go  
No you don't let go  
you never let me go  
No you won't let go

## Verse 3

Life's losses and gains  
Although They rock my world  
your love remains  
As I wake up each morning  
And face my fears and foes  
I know how the story ends
